HUADU VALVE GROUP CO., LTD.

COMPANY PROFILE

Huadu Valve Group Co., Ltd. is located in the Shacheng Industrial Zone of Wenzhou, China Valve City. It is a new type of enterprise specializing in the design, manufacturing, marketing, service, and trade of valves and pipeline supporting products. Rapid development towards scale, standardization, and informatization. The company has strong technical strength, advanced production processes, excellent manufacturing equipment, complete testing equipment, and excellent after-sales service. Let customers truly experience the peace of mind and peace of cooperation with us. And it has established a relatively advanced enterprise management system and a comprehensive quality assurance system.

The company has always been adhering to the business tenet of "based on management norms, guided by market demand, survival by quality assurance, customer satisfaction as the purpose, and product innovation to promote development", and pursues strict quality management, except in accordance with ANSI/ASME, In addition to standard manufacturing inspections such as API, ISO, GB/JB, JIS, DIN, BS, etc., it is also required to pass more stringent enterprise standards for inspection, and at the same time meet your needs at competitive prices.

The company mainly produces soft/hard sealing ball valve, butterfly valve, fixed ball valve, globe valve, oxygen valve/gate valve, check valve, Y-type filter, electric and pneumatic series, etc. The products are suitable for
